```
00:01:40,224 --> 00:01:42,762
                                              subtitle item
sentence
            -Ready, amigo?
                               chunk
sentence
            -Ready!
                               chunk
            62
            00:05:35,327 \longrightarrow 00:05:36,092
                                               subtitle item
            Ellie,
                     chunk
            63
            00:05:36,127 --> 00:05:37,967
            all the theories are about chunk
                                                subtitle item
sentence
            raptors intelligence,
            64
            00:05:38,002 --> 00:05:39,567
                                                 subtitle item
            what are they capable of? chunk
```
